# ADMINISTRATIVE NOTES

## LIBRARY PROGRAMS SERVICE

Vol. 6, No.5

GP 3.16/3-2:6/5

April 1985

### Letters of Delegates to Congress

Letters of Delegates to Congress, volume 11, was classified incorrectly. The publication was distributed on Shipping List 85-237-P with classification number LC 1.2:L 56 and item number 786. The correct classification number is LC 1.34:11, and the correct item number is 785-D.

The Library Programs Service will honor the claims of depository librarians who did not receive volume 11 of the set and who are eligible to receive item number 785-D. The Service is sorry for any inconvenience.

## GPO HOSTS "LIBRARY PARTNERS" APPRECIATION DAY

In support of the nationwide observance of National Library Week, April 14-20, the U.S. Government Printing Office is hosting National Library Week (NLW) Partners Appreciation Day, April 2.

As one of 50 members of the NLW Partners Program, GPO joins other Federal agencies, educational associations, and private businesses in helping to publicize the valuable role libraries play in our society. In addition to the luncheon, the Partners will receive a briefing on GPO operations and a tour of one of the world's largest printing facilities.

Public Printer of the United States Ralph E. Kennickell, Jr. has committed GPO to the support of America's libraries because of the agency's role as administrator of the nationwide Depository Library Program. Through nearly 1,400 libraries across the country, our citizens have access to the free use of the thousands of publications produced by our Federal Government annually.

In announcing GPO's plans for NLW Partners Appreciation Day, Public Printer Kennickell noted, "It is our honor to host this gathering of individuals who are committed to the support of one of this Nation's most significant educational resources - America's libraries." The theme for the 1985 observance of National Library Week is "A Nation of Readers."

## SENATE NUMBERING SURVEY

The Library Programs Service is conducting a survey to determine the wishes of depository libraries regarding the use of the Senate numbering in the SuDocs class number for Senate hearings, prints, and publications. GPO's present practice is to use the Senate numbering after the class stem for the Committee, for example: Y 4.En 2:S.hrg.98-997  
Y 4.F 76/2:S.prt.98-237

Prior to the 98th Congress, classes for Senate documents were formulated by using either a Committee number or a Cutter number after the class stem for the Committee, as follows: Y 4.En 2:97-64  
Y 4.F 76/2:F 76/50

Please indicate below whether you would prefer a continuation of the present use of Senate numbering in the SuDocs class, or if you would prefer a return to the use of Committee/Cutter numbering.

Then tear out this sheet, fill in the name and address of your library in the spaces provided below, fold and seal the form, and mail it to the address printed on the verso.

Vote for one:

- ☐ Continue use of Senate numbering
- ☐ Return to use of Committee/Cutter numbering
- ☐ Other (explain)
